Senator Wall Doxey Announces Candidacy For Full Term

Has Made Splendid Record As Congressman and Senator
—Has Received Some of Best Committee Assignments, Which Will Redound to Benefit of State

Senator Wall Doxey has announced for reelection to the United States Senate. Mr. Doxey was elected to fill the unexpired term of the late Senator Harrison and has served only a short time. During this period of time he has made an enviable record for a new senator. He has received some of the best committee assignments and in time this will redound to the benefit of the state of Mississippi as he continues in service.

SENATOR WALL DOXEY

Mr. Doxey's assignment has been a hard one, when we consider that he succeeded in the United States Senate one of the greatest senators Mississippi has ever had to grace the floors of Congress. It is an easy matter to be successful if we succeed a person in office who has been a failure, however, when we succeed an outstanding person, that is a different and difficult problem.

We believe that Mr. Doxey is making a very good Senator and that in time his name will go down in Mississippi history as one of our best.

We are herewith quoting Senator Doxey's announcement:

To the People of Mississippi

Today I am formally announcing my candidacy for re-election to the United States Senate.

I do this mindful of what it means to be one of 96 American citizens who have a great part in formulating laws, plans and policies of the great Republic.

In normal times a United States Senator has a tremendous responsibility. In these critical days and in those to come these responsibilities become grave and terrific.

With solemnity and earnestness, in the prayerful hope that America and our Allies may be victorious and the world may find peace much sooner than it now appears, I dedicate my life.

Since you elected me your United States Senator, I have served to the best of my ability. Your interests have been my interests; Your problems, my problems; Your business, my business. Our first business now is winning this war.

I am back for these few days for the purpose of seeing as many of my friends as possible and getting my campaign started.

I wish I had more time to spend with you and visit in every county, but under the circumstances, that is impossible.

I must return to Washington. However, when it is possible, I will be back in Mississippi and discuss with you our problems and give an account of my stewardship as your Senator.

My colleagues in the Senate have been good to me. They have helped me to be placed in position where I can best serve my state and nation. The leaders in the Senate know my record as a congressman. They know my character, my fidelity to duty and my efforts to serve my people. The record speaks for itself.

I have been given recognition and Committee assignments that few new Senators have received. I have been placed on the Appropriations, Judiciary and Education and Labor Committees. All major and important Committees. I am also a member of other important Committees.

My Committees have fashioned and handled most of the important legislation passed by the Senate within the last few months.

As your Senator, I have worked and voted for all measures that would further promote our all-out war production and prepare this country for the stupendous tasks that confront us. I have been on

FORMER RESIDENT OF BAY

Missing at Sea—Wife Has
Hopes of Safe Return

The New Orleans item in its issue of April 17th carried a story that is of interest to the people of Bay St. Louis. This article related stories of the war wives of New Orleans and of the mental agony that comes with each day of life to the wives of New Orleans seamen unreported at sea.

The story of Mrs. Robert Bing and her children, Robert, Jr., four and one-half years and Elaine, eight months, who have been waiting for three months for the return of their husband and father, Robert Bing, who was a member of the crew of a small freighter sailing from New Orleans is of local interest. It was Robert's first trip to sea. The ship sailed on February 6th and went to Haiti. Its next destination was Boston and New York. Nothing has been heard of the ship since it sailed from Haiti. Officials of the company who own the ship have not been able to ascertain what has happened to it.

Prior to the time that Robert Bing went to sea, he worked in a barrel factory, and his wife states that she helped to get him a job on the ship.

Mrs. Bing is the former Hazel Kingston of Bay St. Louis, daughter of Mr. and Mrs. Thomas Kingston of Booklet street. Her husband, Robert Bing, is well remembered in Bay St. Louis, having lived with his parents on the Washington street Road.

Mrs. Kingston has informed The Echo that she has tried to have her daughter come to Bay St. Louis to stay with them, but that she has refused to do this as she still has hopes that her husband will return. She says that she knows and feels that he is not dead.

Drive For Navy Relief Funds

The county quota for the Navy Relief Drive is \$250.00. Send your contributions to A. G. Favre, Chairman Hancock County Navy Relief Committee. Hancock County has always been on top in all drives, let's put this one over.

the job day and night, doing my best.

With modesty, yet with pride, I confidently believe that I can serve you better than any of my opponents.

I feel that all right-thinking people want the man elected Senator who best can serve in this crisis when the whole future of our country is hanging in the balance. Civilization is on trial. It is time for unity; for serious, sound and prayerful thought and action—unprecedented cooperation and effort on the part of all of us.

On this basis I ask re-election as your Senator for a full term. I know my sphere of service and usefulness will broaden with the coming years. It's my one purpose to make Mississippi a Senator truly worthy of the name.

My official duties require that I return to Washington immediately. During my absence from the state, I ask all my friends—old and new—for their support and influence. To my fellow Mississippians who do not know me, I invite you to investigate my life, both private and political. If I measure up to your standards of a United States Senator, and you believe I can best serve you, then help me all you can to be re-elected. I have faith in the people of Mississippi. I believe they have faith in me. I am confident I will be given a full term of service in the Senate.

I will strive to be true to every trust. I am grateful beyond expression for all you have done for me in the past and what you may do for me in the future.

Sincerely your friend,
WALL DOXEY,
United States Senator

ALL FIRE ARMS TO BE REGISTERED

As Provided by Act of Legislature—From May 11th To 16th.

The 1942 session of the Mississippi Legislature under House Bill No. 716, provided that for the common defense, that all guns, rifles, pistols and other weapons or arms capable of being used in defense, must be registered with the Sheriff of the County in which the person owning such fire arms resides.

The act further provides that the Sheriff of each county shall designate a date or dates for the registration of fire arms and the localities where the registration shall be held. Sheriff H. L. Kergosien of Hancock County has set the dates of May 11th and 16th as the registration dates for fire arms in Hancock County, and, under House Bill No. 716, it is mandatory that all persons owning any type of fire arms shall register same with the Sheriff.

The Act provides a penalty for failure to register your fire arms, of not less than \$10.00, or not more than \$1,000.00, or imprisonment in the County Jail for a period of not more than six months.

The Act further provides that the Sheriff may summon all male persons between the ages of sixteen and fifty-five, together with such weapons and ammunition that they may own, to enforce peace, repel invasion and suppress insurrection.

The act provides further that all firms selling weapons shall report same to the Sheriff within twenty-four hours after the sale, the report to show the name, the address, the age, sex and race of the purchaser, with the description of the weapon sold.

Sheriff Kergosien has designated several locations, in Hancock County for the registration of the fire arms and ammunition, for the convenience of the people.

May we suggest that you take time out and register your fire arms and ammunition.

Hancock Co. Emergency Field Unit Has Secret Drill

Hancock County has every reason to feel proud of its Emergency Medical Field Unit. Undoubtedly, this is one of the best organized units of the Civilian Defense in our country. This Unit has been complimented by the head of the Mobile Blood Plasma Unit of the Baptist Hospital in New Orleans, and now they are in a position to receive compliments from the home folks for their alertness and attention to their duties.

On Monday night, April 20th, there was a secret drill of this field unit conducted. Emergency calls were sent out from the hospital to each member of the unit and we are listing the names of each of the members, together with the time that it took or these persons to reach the hospital:

Dr. C. L. Horton called at 7:17, arrived at 7:50.

Dr. A. P. Smith, called at 7:44, arrived at 7:48.

Dr. M. J. Wolfe, called at 7:50, arrived at 7:52.

Dr. E. Ballard, called at 7:44, arrived at 7:54.

Dr. Baker, called at 7:47, arrived at 7:59.

Miss J. Perre, called at 7:46, arrived at 7:50.

Mrs. E. Mabin, called at 7:43, arrived at 7:58.

Mrs. T. Ellis, called at 7:46, arrived at 7:59.

Miss M. Weingerter, called at 7:44, arrived at 7:59.

Mrs. N. Ladner, called at 7:44, arrived at 7:59.

Bro. Felician, called at 7:46, arrived at 7:59.

Roger Heitzmann, called at 7:50, arrived at 7:55.

Algen Maufrey arrived in four minutes.

Ed (Rusty) Anderson arrived in four minutes.

We feel that this is quite an accomplishment and we know that when a real emergency arises that these good people will be on hand to take care of the situation.

We are asked to make mention of the fact that in the excitement and rush of placing the calls the Secretary failed to call Edmond F. Fahy, Jr. and Forster Commagere, who are members in the Emergency Field Unit.

ATTENDING GARDEN CLUBS CONVENTION

PASS CHRISTIAN CITY OFFICERS RE-ELECTED WITHOUT OPPOSITION

Outstanding Accomplishments of This Administration Justly Rewarded

Our sister City of Pass Christian was to have had an election on May 26th, to name officials for the next two years; however, for the first time in the recollection of many people there will be no election held this year in Pass Christian. Hon. W. G. Simpson, the present Mayor, and the entire city administration has been returned to office without opposition. The Democratic Executive Committee has met and declared them the nominees.

Undoubtedly something strange has happened in our adjoining little city, for the holding of elections and having real scraps was one of the feature pastimes for Pass Christian. Factionalism has always been prevalent there.

We have been quite interested for past two years in watching the operations of the municipal government at the Pass. We had heard and been told many things about Mayor Simpson; some good and some not so good. Of course, we must realize that when a man is in public life, people are prone to apply the paint brush in many instances to suit their purposes. Bill Simpson has undoubtedly convinced his opposition that he is all good, and from the reports that we can get, he is making Pass Christian the best mayor that they have ever had.

It is our understanding that the City is strictly on a cash basis, and from the improvements that have been made, we know that they are getting a good business administration. In talking to people who were opposed to Mayor Simpson when he took office, we find that they give him credit for taking over the city administration in bad shape and bringing it into the position of one of the best in the State.

We are happy to be able to extend our congratulations to Mr. Simpson and all of his fellow workers upon their reelection to office without opposition. May they continue their good work.

Dear Sir:
Last Thursday, April 16, I had the pleasure of meeting and working with a number of fine people of Bay St. Louis. This was in connection with the Civilian Defense Plasma Program with which you are already familiar.

This work is being carried on as you know in several communities in this area, but in no other place have I found a greater spirit of cooperation and of willingness to help one's fellow-man.

As I told Dr. Wolfe and Mrs. Ballard, Bay St. Louis by virtue of these attributes has become the standard of excellence for this work being carried on in the interest of saving human lives.

The program is to continue and I am looking forward to the first week in May when the mobile blood plasma unit is to return to your city.

With best wishes to you and to all of Bay St. Louis, I am,
Very sincerely yours,
J. W. DAVENPORT, JR., M. D.

We are certainly happy to know that such a compliment was paid to our Emergency Medical Field Unit, which show the spirit of cooperation that is existing in this unit. The list of blood donors will be found in the Civilian Defense column.

Miss Dorothy Arendale Winner of \$10 Prize For Garden Club Essay

In a state-wide contest sponsored by The Garden Clubs of Mississippi in which a cash prize of \$10.00 was offered for the best essay sent in by a high school or grammar school student, one of our own school girls, Miss Dorothy Arendale, was the winner with a composition entitled "Forests and What They Mean to Our Civilization."

Miss Arendale, daughter of Mr. and Mrs. V. A. Arendale of Logtown and Hattiesburg, was a senior at Bay High School, and was very happy and proud to have been judged winner in a contest in which hundreds of young people from schools over the state submitted essays, and will receive her check at the graduation exercises of Bay High School at the end of May.

Miss Arendale states she expects to go to college and will study journalism, and we predict for her a bright future.

Those desiring to appear in person may do so, Director Dearman stated. "The meeting is open to the public."

Whereas, MONDAY the 27th day of APRIL, 1942, has been set out as "REGISTRATION DAY" under the terms of "SELECTIVE SERVICE TRAINING AND SERVICE ACT OF 1940," and

Whereas in this crisis we all should bend an effort to participate and co-operate so that all who are effected by such registration may have an opportunity to register;

IT IS THEREFORE, this 23rd day of APRIL, 1942, proclaimed that MONDAY the 27th day of APRIL be set aside as a Holiday so that all who are able and willing to do so may participate and co-operate in the registration of individuals effected by "SELECTIVE TRAINING AND SERVICE ACT OF 1940."

BLOOD BANK STARTED

30 Persons Donate Blood—
Dr. Davenport and Local
Doctors Conduct Clinic

On Thursday, April 15th, at the King's Daughters and Sons' Hospital, the Emergency Medical Field Unit conducted a clinic under the direction of Dr. H. A. Davenport of the Baptist Hospital of New Orleans, with Dr. Marion J. Wolfe, Dr. Edith Loeber Ballard, Dr. C. L. Horton and Dr. A. P. Smith, cooperating.

Mrs. C. L. Horton of the Civilian Defense Office acted as registrar and the nurses assisting were Mrs. E. J. Lacoste, Mrs. Ella Maybin, Mrs. C. E. Craft, Miss Thelma Ellis and Miss Lena Mason, public health nurse; acting in connection with the Civilian Defense Plasma Program for the securing of a blood bank.

There were thirty donors who gave thirty pints of blood, and Bay St. Louis can feel proud of the commitment paid the Emergency Medical Field Unit and others who cooperated in the Civilian Defense Plasma Program, by Dr. Davenport. We are reproducing a letter addressed to the Editor of the Echo:

Registration For Sugar Rationing For Merchants Business Houses, Etc.

To Be Held April 28th-29th—Sugar Sales To Be Frozen
As of April 27 for Period of Approximately 10 Days

BROTHERS IN ACTIVE SERVICE

Commissioned Officers Of
The United States
Army

The sons of Mrs. W. O. Sylvester and the late W. O. Sylvester of this city have risen fast in the service of their country.

MAJOR ELLIS SYLVESTER

Ellis P. Sylvester is a graduate of St. Stanislaus and Mississippi State College and holds his master's degree from Peabody College, Nashville, Tennessee, where he majored in administration. Before being called into service, Ellis Sylvester was City Superintendent of Public Schools at Marks, Mississippi and had held a similar position in Passagoula.

In February 1941, Ellis was called to active duty and was sent to Fort Benning, Georgia, and later transferred to Camp Polk, La., where he was made Adjutant on the general staff of the "Bayou Blitz" Division. Upon his graduation at Mississippi State College, he was commissioned 2nd Lieutenant and has risen to the rank of major.

CAPT. CLYDE SYLVESTER

Clyde Wheeler Sylvester, is a graduate of Perkinson A. H. S. and Mississippi State College and was the first man in the history of the institution to graduate in three and one half years and get a commission, which was granted to him by a special dispensation from the War Department, to take advanced military training. He was commissioned a second Lieutenant upon his graduation and at the time he was inducted into service, was District Inspector of all C. C. C. Camps in South Louisiana. He was commissioned captain last year and in August was sent to Jackson Air Base and made squadron commander, until he left for duty in the South Pacific in January. Clyde is married to the former Miss Monie Anderson of Bay St. Louis, and she and her little daughter, Ann Mary, are residing in Jackson.

Both of these men took active part in athletics while in school and college and Bay St. Louis is proud of their military records.

The Hancock County Rationing Board has issued the schedule for registration of retailers, wholesalers, institutions, boarding schools, restaurants, beer parlors, candy shops, grocery stores, hotels, boarding houses, drug stores, bakeries and any other business place that serves sugar to the public with meals or in any other form.

The registration will be held on April 28th and 29th and all persons engaged in any of the types of business indicated above will have to secure the proper registration certificates on these dates in order that they may be allowed their necessary quota of sugar as set up by the Rationing Board authorities.

The places for registration will be as follows:

Bay St. Louis—Bay St. Louis Central High School.
Kiln—Kiln High School.
Waveland—Waveland School.
Logtown—Logtown School.
Sellers—Sellers School.

Any other places of business at any other points in the county, the owner is requested to go to the nearest registration point.

Beginning at midnight, April 27th, which is next Monday night, sugar will be frozen for approximately ten days. It will be impossible for any person to make any purchase of sugar during this time. It has been suggested that all should purchase the necessary amount of sugar to carry them over this period of time.

It will be necessary that all merchants or anyone engaged in business, who makes application for a rationing certificate, to list their gross sales for the week ending April 25th. All registrants will be required, to list the average weekly consumption of sugar prior to the time of the registration.

The Local Rationing Board whose office is located in the Court House, will be glad to assist and furnish any information on the subject of sugar that any person may desire.

The registration on April 28th and 29th is restricted solely to the persons engaged in the above named businesses. The registration for the individual users of sugar, that is the heads of families, will take place on May 4th, 5th, 6th and 7th. Due notice of the places for this registration will be given.

A BAD PRACTICE

IN the column of the Daily Washington Mercury-Go-Round, edited by Drew Pearson and Robert S. Allen, on Monday evening, April 20th, they made mention of the fact that the higher officers of the Navy are quietly dishing out commissions and soft berths to scores of draft eligibles who have the good fortune to be the sons of rich and influential fathers. They state that, the Navy Department the other day had issued a press release having the names of four hundred, sixty-one men between the ages of twenty-seven and forty-two who were commissioned and assigned as administrative officers who will hold down desk jobs at induction centers, service schools, et cetera.

If their statements are true, that these men who have had no previous military training, are given commissions, we feel that an investigation should be made and a stop put to this practice. We are not adverse to seeing a rich man's son receive a commission if he is worthy of it. On the other hand, we feel that a poor man's son should be given the same opportunity if he is capable and worthy of receiving a commission.

If the practices, as charged—in this column, are continued, it will do more to tear down the morale of the United States Navy than any other practice that could be put into effect. It is our firm belief that when a man is commissioned an officer in the armed forces of this country, that he should be able and fitted to carry on any assignment that may be placed in his hands. We do not believe that it is right, nor just, for any of the Big Wigs of the United States Navy, nor any of the political powers, to lend their influence to secure commissions for young men because of the mere fact that they are the sons of wealthy parents, and then assign these men to an administrative position where it is definitely known that they will not have to do any fighting for their country.

It is our belief that the United States Army and Navy will need many more commissioned officers, but it is our opinion that the young men who are now in service should be given an opportunity to enter an officers' training school, and if they can qualify, then and in that event they should be commissioned as the officers of our army and navy. We also believe that the sons of the rich men, like any other, should be given an opportunity to enter an officers' training school and given the necessary training, and then, if they qualify to be officers in either our army or navy, we feel that they, too, should be issued commissions, but that they should take their places among the fighting forces of our country and not back of a desk, safe from the bullets and horrors of war.

We feel that the administrative work can be carried on by many of the boys and men who are not physically able to carry on actual combat, and that the physically fit should take their places in the 'rank and file.'

THE COST OF WAR

LEUTENANT General Ben Lear has said: "Fighting men will win the war. The greatest cost we will pay will be in the finest of our youth." A truer statement has never been made. Our army is made up strictly of young men, the cream of the crop.

The hue and cry has gone up on several occasions that a large percentage of our young men are physically disabled, that something is wrong in the make-up of the young men of our nation today. This, in our opinion, is not true. Having had some experience with the workings of the Draft Board when the Selective Service Act was first put into effect, and knowing the rules and regulations that were set up by the Director of Selective Service for the selection of the young men for the armed forces of our country, we believe that we are in a position to say that a more "physically fit" army does not exist. The boys who were taken into service were really selected. For the slightest physical defect they were rejected and placed in Class I-B, and today numbers of those boys who were placed in Class I-B at the time that the Selective Service Army was made up, have since been inducted into service. For that reason, we are in a position to say that our men who are doing the actual fighting today are among the best that this country can produce.

Billions of dollars have been appropriated and billions more will be appropriated to place in the hands of these gallant young men, the machinery and equipment necessary to carry on a great fight. We know that the American boy is a natural fighter. He grows up with that fighting spirit and never turns the other cheek for the second slap. If he happens to be knocked down, you can rest assured that he will come back up and take care of himself. The General was right when he stated that "Fighting men will win the war."

We, who have boys, either in the army or near the age of entering the army, think of the cost that many of us will pay in the loss of our sons. It makes one's blood boil to think that the desire of one man to control practically the whole world, will cause the deaths of many of our boys and bring sorrow to so many of our homes. Oh, how we parents wish many a time that we could place our hands on this renegade, Hitler, and instead of celebrating a birthday as he did on April 19th, we feel certain that after the completion of our treatment his hope would be, never to see another birthday. The people of America have no hesitancy to put up their money. Many would gladly give all the money and property that they have, to save the lives of their loved ones, but money alone cannot win

THE SCHOOL TEACHER PROBLEM

AT the last session of the Mississippi Legislature an attempt was made by the school officials of the State of Mississippi and the various counties of the State, together with the organization of teachers, to secure an additional \$3,000,000.00 appropriation in order that the salaries of school teachers throughout the State of Mississippi might be increased and the school teachers paid a fair and living wage.

The Legislature saw fit not to grant this request, but did make an increase of \$1,675,000.00 in the appropriation for the schools in the State of Mississippi.

From the time that the writer was a mere boy, he has heard the hue and cry go up about all of the money that was being spent for schools and how well the school teachers were paid. We believe that if people who are interested in knowing what the actual facts are, would take time out to make an investigation as to the pay of school teachers throughout the State of Mississippi, that they would change their opinion and become convinced that teaching in Mississippi is really an underpaid profession.

We are not in a position to discuss what teachers in other counties are paid. However, we are certainly in a position to know what school teachers are paid in Hancock County and to know what teachers have been paid for the past twenty-five years, and we are sure that there is not much difference in the average county. During the time that the saw-mill interest was booming in Hancock County and timber galore was on the assessment rolls, teachers were paid a fair salary. Since that time, in our opinion, teachers have not been paid a wage that would equal that of a common laborer.

Recently in checking over the salaries paid the teachers of the county we were astounded to find that practically all of the teachers in the Grammar Schools of Hancock County are paid \$360.00 per year, or a salary of \$45.00 per month for eight months of the year. We also noted that the principals of these schools are paid a salary of \$480.00 per year, or \$60.00 per month for eight months of the year. This, in our opinion, is an outrage when we stop to consider that in order to acquire a teacher's license, it is necessary that a young man or young lady must have at least a high school education and two years of college work, and that once they are given a job, it is necessary that they attend college each year in order that they may continue in the profession of a teacher. This college education is not given to them. It is necessary that they pay their board and tuition in summer school. So you can readily see that, if a teacher is paid \$45.00 per month and must pay board while teaching, how much they have left to pay for their board and tuition in college.

The Legislature limits the amount of taxes that can be levied in a county to ten mills. In Hancock County this levy is applied only on the assessment of property that lies outside of the City of Bay St. Louis and the Town of Waveland, these two municipalities being separate school districts. A portion of the poll tax money is set aside for the county common school fund. This is divided between the county, the City of Bay St. Louis and the Town of Waveland, based upon the proportionate number of educable children in each of these districts. In all, the total amount of money raised by the county for school purposes amounts to approximately \$12,000.00 or \$13,000.00.

The State Board of Education has been quite generous in its allotment of funds to Hancock County, but even with this, with the number of teachers it is necessary to have and with the number of school buses it is necessary to run, it has been impossible for the County Superintendent of Education to pay a reasonable salary to the school teachers of Hancock County. It will be said that with an additional appropriation of \$1,675,000.00, that this amount should amply take care of the situation. This is not the case, however. We are informed that the teachers of Hancock County will only receive an increase of \$7.50 per month; so for the next year our teachers will be paid about \$52.50 per month for eight months of the year.

We have lost many good teachers, who have left their positions to enter other types of work where a living wage is paid. One cannot criticize nor blame them for the position they have taken. They are justified, in our opinion, in this position. They owe a duty to themselves and their families to seek or take employment that will give to them a salary that will afford to their families the same benefits that other people in their station of life have.

However, the situation facing us at this time is the securing of capable men and women to educate the children of our County, and this cannot be done, paying college graduates from \$360.00 to \$480.00 per year. This is a serious problem. We do not know the solution. However, it is time for someone to step forward and take the matter in hand and solve this very serious problem, not only in Hancock County, but throughout the State of Mississippi, so that the people may feel sure that their children will secure the proper education and training from teachers, who are capable and thoroughly trained.

THE THOUGHT OF THE NEW REGISTRANTS

Nearly fourteen million men between the ages of forty-five and sixty-four will register for Selective Service on April 27th. To most of these men the registration will be in the nature of a routine affair. Few of them have any idea that they will be called upon for active duty. They feel quite sure that the emergency will be overcome without drafting them. The probability is that this conclusion is correct, but a lot depends upon what happens this year.

If Germany's expected offensive succeeds in destroying the Russian Army, or overrunning the Near East to join hands with Japan in India, we feel absolutely certain that every man who is capable of carrying a rifle, whether he be eighteen or sixty-four years of age, will be called into service.

A war. The toll of the young manhood of our country, will be the debt that we must pay, and as General Lear has said: "The greatest cost we will pay will be in the finest of our youth."

ONE of the busiest places in Jackson since the adjournment of the Legislature has been the Secretary of State's office. The laws of the 1942 session have been printed in seven pamphlets and mailed to all the Courthouses in the state. The new laws are sent out in this way for the convenience of the courts and the attorneys, pending the printing of the "laws of 1942" in one volume.

The last link in U. S. Highway 80, the east and west route through Jackson, has been connected and the road and the Brown Williams Bridge, spanning Pearl River in Jackson, were dedicated in a public service held at the bridge on Tuesday afternoon, April 14th. Highway 80 is one of the most traveled roads in Mississippi. Its connections are "far and wide," east to Atlanta and on to Washington and New York City, and west to Dallas and on to the West Coast, tapping and intersecting other highways to all parts of the United States.

The Jackson Chamber of Commerce is distributing copies of the "Mississippi Tourist Guide," a hand-somely printed 80-page booklet published by the publicity department of the Mississippi Board of Development. The book contains a vast deal of interesting and worth-while information.

National Cotton Week will be observed May 15-23. The celebration will be under the auspices of the National Cotton Council and will include all cotton-growing states. All possible uses and values of cotton will be illustrated during the days thus dedicated to King Cotton, the South's great money crop.

President Faust of the Jackson Chamber of Commerce has sent out a letter urging all people to gather up and make available all scrap iron, steel, brass, zinc and all other kinds of metal which may have accumulated around the home or the place of business. This scrap material will be paid for. The government is urgently in need of the products which may be manufactured from the scrap metal rubber and paper.

Le Tourneau Company of Mississippi, is the corporate title of a new company whose charter was recorded in the office of the Secretary of State last week. This company is headed by R. G. Le Tourneau of Toccoa, Georgia. Mr. Le Tourneau has plants in other parts of the country and specializes in the manufacture of heavy grading and road building machinery, much of which may be used in defense work. The new company will have its domicile in Warren County, near the city of Vicksburg.

The Forest department is urging all Mississippians to co-operate in the conservation of the forest by helping in every way possible to keep fires out of the "woods," and thus avoid the destruction of young trees. It has been pointed out that forest products sold on the market in 1941 brought to Mississippi \$100,000,000. And that in this year of 1942 it is estimated that the income from that source will reach from 130 to 150 million dollars. It is also estimated that the demand for lumber in the United States in 1942 will reach the huge total of 35 billion feet.

Two tung oil mills in Pearl River County are being operated 24 hours a day. It is estimated that \$400,000 will be paid for the nuts this year, just as they come from the tree. The mills are paying \$80 per ton for the nuts. The tung oil business is a new industry in this good shape. The tung oil tree is a warm weather tree and does not grow well more than around a hundred miles from the Gulf of Mexico. The United States, formerly imported its supply from China.

Reports made to the State Oil and Gas board show that in the month of February the oil production in the Tinsley field, including the wells near Dickens, reached a total of 2,502,934 barrels. This means a revenue to that section of the state of approximately two and a half million dollars for that month. If February proves to be an average month it means that more than 30 million dollars will be received from the sale of oil in this state in 1942.

Turner Catledge, present acting editor of the Chicago Sun, the new Democratic daily established by Marshall Field, has accepted an invitation to speak at Mississippi State on May 25th, the occasion being the annual meeting of the Mississippi State Alumni Association. Mr. Catledge is a native of Neshoba County, a graduate of Mississippi State and a newspaper man who has made good in a big way in Washington, New York and Chicago. His first newspaper work was on the Neshoba Democrat.

Hancock County Men in "The Service"

The Sea Coast Echo wishes to advise the parents or relatives of any of these men that it will gladly mail a copy of the paper to the boys if their address is given to the office. The newspaper will bring direct to the men away from home news of what the folks back home are doing and we hope this service will be one which they may enjoy.

The following list of names: we supplied The Echo and should any service man's name be omitted it would be appreciated if it would be sent in.

If you plan to move or to have a telephone installed and wish your name to appear in the new directory, you should place your order right away so that your telephone can be installed on or before the above date.

Be sure to check your present directory listings to be certain friends or customers can easily identify your name.

Now is the time, too, to consider the need of additional listings for members of your family or employees to assure them of receiving calls which otherwise might be lost. Additional listings cost only a few cents a month.

If you desire to change your present listings or wish additional ones, notify the telephone business office immediately.

Business concerns desiring representation in the Classified Telephone Directory (yellow pages) should also call the business office right away.

STANISLAUS NEWS NOTES

Sports

LAST Monday afternoon the Bay High baseball team nosed out the Junior Study Hall team in a ten inning game, 12 to 11. The batteries for Bay High were Capdeon and Bourgeois, and for the Juniors, Joe David, Wally Bontemps, Raymond Dainis and Raymond Carrio. Those homers were Smith for Bay High and for the Junior Study Hall, Fisse scored three and Touche and Carter scored one each. The Junior Study Hall Team will play the Waveland Grammar School team, Thursday afternoon.

Military exercise began on last Monday afternoon. This exercise includes all boarders for a period of forty-five minutes every afternoon. The present instructor is Coach Burge.

About the Campus

The Annual Retreat commenced Monday morning with Father Courtney, S. J., as the retreat master. The retreat lasted for three days and closed Thursday morning with a Thanksgiving Mass and the Papal Blessing.

Subject to Active Service

Coach Dennis 'Pete' Burge, who recently enlisted in the United States Navy, will leave Monday morning for Norfolk, Va. Here he will undergo a six weeks training course. His rating is a chief Petty Officer as a Physical Instructor under Gene Tunney's Program. Congratulations and good luck, Coach.

The band is working hard at marching and concert playing in preparation for the state band contest. This contest will be on May 1, 1942. Our band will play at 1:30 p. m., in concert, in the Municipal Auditorium and will participate in the marching contest at 7:30 of the same day.

The boys will leave on the morning of May 1st, at 6:30 and will return the next afternoon.

The various committees in charge of the activities for the raising of funds for the band's trip to Jackson are working very hard. The cooperation these ladies are receiving from the public at large is gratifying.

In the contest George Comeaux, who will perform for the last time for St. Stanislaus, will represent our band in the twirling contest. We wish George all our luck. This lad has won first every time he entered the twirling contest.

Stuart Burris, the other capable drum major will appear for the first time for Stanislaus. He will enter the contest for the Drum Major leading the band during the marching maneuvers. We would like to see both of these boys come home with medals.

Brother Romauld wishes to take this opportunity to thank all those who, in some way or other, have helped in the raising of funds needed to send the band to Jackson. Everyone has worked hard and the results have been wonderful.

Band Concert

The St. Stanislaus Band will present its Eighth Annual Concert this Sunday night at 8:00 P. M. in the S. J. A. auditorium. There is no charge for admission and the public is invited. Below is the program:

ORTE THEATER PRESENTS "DARK JOURNEY" SUN-MONDAY

Starring Vivien Leigh and Conrad Veidt

The World War has been fought on every film lot in the world. We have had epics of the air, sagas of the sea and even comedies depicting the lighter side of life in the trenches. But one of the most romantic phases of the War has been completely neglected by the film producers. That is the fascinating story of the "Q"-ship.

Now this sin of omission has been corrected, and "Dark Journey" which brings Conrad Veidt and Vivien Leigh to the Orthe Theater on Sunday and Monday will treat the picture-going public to a thrilling sea battle between a "Q"-ship and a German submarine, ending in the destruction of the latter.

The "Q"-ship was conceived to combat the menace of the U-boats which had almost succeeded in paralyzing allied shipping. The ships were ordinary tramp steamers, reinforced with steel sides and fitted with concealed guns.

Manned by specially trained crews they patrolled selected areas in the hope of attracting the attention of a U-boat. Most of the crew remained concealed below. Those who remained on deck presented a decidedly unofficial appearance, the "captain" often pacing the bridge wearing a bowler hat.

The submarine usually signalled its presence by firing a torpedo. This was the cue for the visible members of the crew of the "Q"-ship to panic and lower the boats. The real captain would remain hidden on deck, giving instructions to his gunners by telephone. As soon as the submarine rose to the surface and came within range, the sides of the hatches hiding the guns would drop and the guns blazed away.

After a while the Germans became wary of tackling tramp steamers and the job of the "Q"-ships became increasingly difficult. Sometimes they deliberately allowed a submarine to torpedo them, in the hope of allaying suspicion.

The thrilling sea battle shown in "Dark Journey" was fought in the rough and icy waters of the North Sea, whither director Victor Saville journeyed with a film unit. The crew for the movie "Q"-ship was recruited from the ranks of unemployed British seamen, many of whom had actually served on these mystery ships during the War.

"Dark Journey" is released thru United Artists.

Bay High Notes

KEEPING UP with the Salvage Drive all over our country the third grade is collecting tooth paste tubes, silver tinfoil, rubber, and old newspapers and magazines. When a considerable amount has been gathered it will be turned over to the Salvage Committee.

A grammar grade play is scheduled for Friday, April 24th, which will be presented by the third grade. The most unusual feature is that it is entirely original. It's called "The Little Red School House." It will be given at 9 A. M. and the public is invited.

Miss Arceneaux, the fifth grade teacher, has placed a record on the bulletin board in her room. Each pupil's name and the number of Defense Stamps they have purchased is listed. It is a very clever idea and a big help to Uncle Sam.

After try-outs were held for the major production given each year by the Dramatic Club, the cast was selected by Miss Fisher. The cast includes four members of the freshman class: Anne Smith, Ruth Gray, Ann Weston and Carl Praetorius.

Ann Weston entertained the Bay High girls basketball team at a barbecue at Logtown, Saturday, Mar. 18. In the afternoon the girls that qualified were awarded letters.

Those attending were: Beatrice Chinchle, Dot Heitzman, Gloria Tyler, Ina Claire Smith, Laura Ann Starita, Mary Margaret, Turcotte, Mary Helen Bourgeois, Helen and Audrey Biehl, Wanda Benvenuti, Alicia Rollins, Ashley Henderson, J. C. Burd, Lando Goldman, Pat Murphy, Jim Evans, Edward Porter and Miss Virginia Cole.

Dorothy Arendale, Bay High senior, has been awarded first prize in a state-wide essay contest. The theme was Conservation and was sponsored by the Garden Clubs of Mississippi. The prize of ten dollars will be presented at the commencement exercises.

Congressional Sidelights by Congressman Wm. M. Colmer

THE WAR

WITH the fall of Bataan, the inevitable capitulation of Corregidor, the further retreat of the British in Burma, the sinking of American ships almost daily, and now the conversion of official France into the German column, we are all inclined to become pessimistic. And while the situation is serious indeed and, as we have pointed out repeatedly, promises to remain serious for some time to come, there is also a bright side to the picture. And we must look at the whole picture, and not just one side of it in order to fairly and truly analyze the situation.

While we have no desire to be too optimistic, but while we are examining the brighter side of the picture, it can well be pointed out that the hope of Hitler and his associates for a victory is confronted with the stalwart hordes of Russia on that far-flung battle front. If we are inclined to become pessimistic, what must the Axis thoughts be when they realize the possibility of Mr. Stalin's millions of Russian soldiers not only stopping them on their much flaunted spring drive but the additional possibility of turning them and driving them out of Russia entirely. In other words, to put it briefly, Russia holds the fate of the war in 1942 in its hands. If she succeeds in even stopping the Germans and preventing them from reaching the coveted oil fields of the Caucasus, this war may not be so long after all.

Production

This as to the fall of the war. Russia's defeat or victory will not necessarily decide the war eventually. For from every front in this country the information on our war production, which is going to be the final factor in the war, is most encouraging. Our arms production is really beginning to hit its stride. Guns, tanks, planes, and ships are in reality rolling off the assembly line in most impressive numbers. The Government has lifted the veil of secrecy to disclose that we are now producing close to 3500 planes a month looking toward the 10,000 goal which has been set for 1943. Shortage in parts for these plants, largely due to the 1941 strikes, is rapidly being overcome. Possibly the greatest improvement has been made in the production of tanks, which can be built on the mass production scale as automobiles were formerly built. Thousands of these are being turned out each month, and it is safe to predict that by January, 1943, the United States will be able to supply the whole allied armies with what-ever tanks they need. Guns and ammunition to fully equip not only our armies but those of our Allies are rapidly being produced on a mass production basis. The only blotch on this bright side of the picture is ships. As we pointed out recently, unless we can get the ships to make these stupendous deliveries to the battle fronts, they will be practically worthless. But again this part of the picture is not without its bright side. Our merchant ships are being launched at the rate of one a day. The goal for 1942 is two a day, and for 1943 three a day. But this is not all. In our neighborhood city of New Orleans an industrial wizard is now planning to build in his plant one ship a day. Some idea of the enormity of this undertaking is seen when we realize that all the shipyards in the country put together are only averaging one a day. This man Higgins, who has been phenomenally successful in building of smaller boats, promises to build the ships on a mass production scale, starting at a ten thousand and ton steel ship and having a completed ship at the end of the line, just as automobiles and trucks were constructed in our big factories. Moreover, he promises to launch the first ship although the ground is just now being cleared.

So, all in all, when we are inclined to think all is lost, we can just remember the American capacity for ingenuity and production. We will win the war in the end.

CONGRESS

In this connection, when people are prone to criticize everything and everybody, including the Congress of the United States, it might be well to consider a statement recently made by the Speaker of the House, Sam Rayburn, concerning the Congress and the war. He said, "Congress is being criticized but Congress has given the President every law and every dollar he has asked for defense purposes."

"THE MAN WHO CAME TO DINNER," HILARIOUS FILM AT A & G. SUNDAY

Bette Davis, Ann Sheridan, Monty Woolley Star in Film Version of Broadway Hit

Imagine Bette Davis, Ann Sheridan, four penguins, the only bearded star in Hollywood, a mummy case, the biggest nose in movies, an octopus and a giant tree piled high with Christmas gifts and you'll have some idea of the goings on in the picture called "The Man Who Came to Dinner" which ran as a play for two years on Broadway and the road. The Warner Bros. film version opens on Sunday at the A. & G. Theater.

Monty Woolley of the New York production, is the bearded star, and it is he who creates the havoc in a perfectly blissful family, when, invited to dinner, he slips on an icy porch and breaks his hip.

Confined to his chair, Monty makes his stay to dinner something to be remembered. For one thing, it last four weeks, but it also involves sending the family upstairs, forbidding them to use their phone on that far-flung battle front, and urges their children to elope and hop freighters Singapore bound. And he fills the house with the strangest people.

Bette Davis says that in "The Man Who Came to Dinner" she is "a pitcher throwing a change of pace." She plays a deadpan, satirical secretary. But this is one picture in which she falls in love, stays in love and actually is alive at the end to get her man and presumably live happily ever after.

"Her man" is her own find, Richard Travis, six-two, big and blond. She saw him in a service-short and couldn't help crying, "That's for me!" So Dick Travis, the octopus, Ann Sheridan, Jimmy Durante, Reggie Gardiner and all the other mad friends Monty Woolley brings to the little Ohio town.

"It's prodigious!" fumes Durante furiously, "it's magnificent! Don't I look like a mummy-case? It ain't right! A mummy-case--that part was made for me!"

STARS IN THE SPOTLIGHT!

BY ETHEL VINE

Anybody looking at Marsha Hunt, the ex-model, or the defiant girl who once said no to Hollywood, or at Marsha, the character actress, might not have realized her aim. But Marsha never lost sight of it. Just as when she was three years old, she knew where she was headed.

She first took to acting in a small organized company, skipping her backyard exploits of childhood, while in New York's Horace Mann School for Girls. She not only played in each production, but also designed the sets.

After a year at the Theodore Irvine School of Dramatics she made the decision that she needed still further training. Instead of seeking a movie career overnight, she became a John Powers model.

When she came to Hollywood at the end of a year, she was well prepared. Again she proved the head she had on her shoulders.

MARSHA HUNT

Character Roles or Nothing!

Asking for character roles or nothing, and free-lancing for a change, she saw the start of her new career in "Winter Carnival." She played the mother of a three-year-old, a decided novelty for a former ingenue.

That was nothing, however, compared with what was to come. "These Glamour Girls" was her next, casting her as a psychopathic suicide, and putting her through all the stages of her malady before a tragic death scene.

"Joe and Ethel Turp Call on the President" saw her progress from a pert twenty to a stoop-shouldered, bent and wrinkle-faced sixty. From that she went into hoop skirts and horn-rimmed glasses as Greer Garson's silly, prissy sister in "Pride and Prejudice."

In "Cheers for Miss Bishop," she again underwent the aging process, from sixteen this time to a dignified fifty. By that time, her reputation had spread. Metro-Goldwyn-Mayer, without the semblance of a test offered her a hard-boiled Follies girl role in "The Trial of Mary Dugan."

Since then she has been a glamorous night club singer in "Unholy Partners," another tragic suicide in "Blossoms in the Dust."

Now under long-term contract to M-G-M, and having proved herself an actress of the first water, she has her right to leading roles. So it is that she becomes Young's sweetheart and wife in "Joe Smith, American." And for almost the first time, she is able to act and appear

The Aristocratic Prune

By Frances Lee Barton

THERE was a time when
"humble prune"
was very often heard.

At boarding
houses, "Have
a dish!"
The waitress
coolly purred.
But prunes and
spices and eggs
and milk
Combined into a
cake
sumptuous a dish
As anyone can make.

Prune Cake
2 1/2 cups sifted cake flour; 1/4
teaspoon double-acting baking
powder; 1 teaspoon soda; 1/4
teaspoon salt; 1 teaspoon cloves; 1
teaspoon allspice; 1 teaspoon cinna-
mon; 1/2 cup butter or other
shortening; 1 1/2 cups sugar; 2 eggs,
well beaten; 1 cup cooked prunes,
seeded and coarsely cut; 1 cup
sour milk or buttermilk.

Sift flour once, measure, add
baking powder, soda, salt, and
spices, and sift together three
times. Cream butter, add sugar
gradually, and cream together
until light and fluffy. Add eggs
and prune pulp. Add flour alter-
nately with milk, a small amount
at a time, beating well after each
addition. Bake in two greased 9-
inch layer pans in moderate oven
(375 F.) 25 to 30 minutes. Spread
whipped cream between layers and
on top of cake.

Faithful Colored Servant At S. J. A. Passes On

Funeral services were held on last
Friday at 4:00 P. M. for Louise
Lewis, faithful colored cook at St.
Joseph Academy for forty years,
with religious services by the Rev.
Father Clark at Our Lady of the
Gulf Church, and interment was in
St. Mary's Cemetery.

Louise Lewis came to Waveland to
reside more than forty years ago.
Two of her children, Alfred and
Bertha, preceded her to the grave,
and one daughter, Wilhemina, who
lives in New York survives her.
She was a member and one of
founders of the Peter Claver Society.
She left Bay St. Louis a year ago
because of illness and lived at the
Thomy Lafon Home, which was
founded by her uncle, where she
died last Thursday at the age of
seventy-one years.

Louise was known and remembered
by many women who were edu-
cated at the Academy.

Marjorie—Your stockings are
wrinkled, dear.
Madge—Humph, I haven't any
stockings on.

Observer
Youth—I've never seen such
dreamy eyes.
Sweet Young Thing—You've never
stayed quite so late before.

130 Soldiers Enjoy Dance Last Thursday

On Thursday, April 16th, one hun-
dred thirty boys enjoyed the party
and dance given at the Soldiers'
Lounge in the Knights of Columbus
Hall by the Nationwide Recreation
Project under the direction of
Mrs. Margaret Backman, Mrs. Alma
Quintini and Mrs. Katherine Thomas.
The theme of the party "Music"
was carried out in the decorations
and games.

Small vari-colored music notes on
which were written one-half of a
song title were given each soldier
and girl attending the party and
this manner each one found his part-
ner and danced together. There was
also a clever music relay. About
the hall and on the piano were
large music clefs of spangled sil-
ver and on the refreshment table as
a centerpiece was placed a bowl
of orange and blue flowers in the
center of which stood a large G
clef of silver with a number of
smaller notes showing also.

Refreshments of sandwiches, cake
and punch were served and dan-
cing enjoyed until midnight, the boys
grateful for an evening of excellent
entertainment and expressing the
desire and intention of returning for
next week's party.

When a Child Needs a Laxative!

SYRUP OF BLACK-DRAUGHT is a tasty liquid that most children will welcome whenever they need a laxative. What's more important, it has the same main ingredient as BLACK-DRAUGHT, its older companion. Perhaps that's why it usually gives a child such a refreshing relief from the familiar symptoms which show a laxative is needed. Comes in two sizes: 25c—50c.

Waveland News

WAVELAND is all dressed up in budding trees just now, and never did the old town look so green and lovely. Gardens are especially lovely with their colorful flowers so abundant in many homes. The Umbach home known as "Rambling Ranch House" is one of the many noticed for its beauty. The Ranch is located on Tide street. Another garden to be mentioned comes from the Russell Alba's neighbors in Tide street.

A nice group of the town's young students will complete their studies at the end of this term. From St. Stanislaus are Charles and Otto Molere, John Funck, Harold Zimmermann, Evans Maloney, Bobby Torgesen, Edward Carrio, Elaine Lamer, St. Joseph Academy. From Bay Hill are Anthony Trenticosta, Russell Chapman, Horace Ruhr.

First Aid Class
On Monday night April 20th a class conducted by Miss Jane Jaden with a large group of volunteers in Waveland school auditorium.

Catherine Chadwick the accomplished young daughter of Mr. and Mrs. Dan Chadwick will finish her studies in Pharmacy from Loyola College at New Orleans.

"Buddy" Dufour with his sister Hazel drove to New Orleans in their Oldsmobile car.

Only one mass will be celebrated at St. Claire's church on Sunday, April 26th which will be at 8 o'clock being the fourth Sunday of the month.

Mrs. Alma Slade who is now employed in New Orleans came over with Mr. and Mrs. Frank Miller the former Dolores Bourgeois.

Mr. and Mrs. A. Bell of Highland Park have been regular week end visitors improving their cozy home. The name "Rose Villa" is well adopted—having so many varieties of huge roses, growing and lending their sweet perfume.

Noted homes in the town are undergoing general progress. The McGivney home recently sold one having its interior decorated and Mr. and Mrs. John Marquez beautifying their surroundings.

Off went John and Howard McCurdy to visit their grandparents on their plantation home in Alexandria, La. Here at home Mrs. McCurdy had her friends for the week end.

Among the recent additions in the town are the M. G. Gund's new home on Oak Street. On St. Joseph street Mr. John Wanzell extended more acreage for home improvements.

Week end visitors in large groups were Mr. and Mrs. Mickey McGuire of New Orleans. Mr. and Mrs. Jack Evans also of New Orleans, where he is employed in defense work.

Mr. and Mrs. H. L. De Sonier and children enroute to Camp Sutton, Monroe, N. C., stopped over to visit with his sister, Mrs. H. R. Simons. The family visited "daddy" Simons, who is a patient in Biloxi.

Camp Onward
For the first time this season the doors opened to a group of visitors in the past week end. Among them were Mrs. J. E. Doclar. The Evangelical Center on Waveland Boulevard had many visitors.

Mrs. John Garza left for Alexandria to be with her husband who is employed there.

Highland Park
After leaving the Waveland depot towards the Trail, one notices a vast improvement in dwellings. This addition to Waveland is steadily growing by leaps and bounds. Among the new homes being built in the past weeks are the Dan Fayard, Sr., and the Marchaud place which is nearing completion. The A. Ferris is a recent construction.

Gulfview School
Graduating exercises are scheduled for Thursday, April 30th at 8 P. M. Prof. Breland announces the school will close its term on Friday, May 1st.

Town Hall
The date for registering men between the ages of 45 and 65 will be on Monday from 7 a. m. to 9 P. M.

Kiln News

MR. and Mrs. F. L. Marshall and small sons of New Orleans, spent Sunday with Mr. and Mrs. C. M. Curet.

Mr. and Mrs. Earl Ladner of Picayune, were week-end guests of Mrs. Ladner's parents and relatives. Mrs. Horatio Lott on Sunday.

Mr. and Mrs. Ruby Lott and small daughter, Jackie, visited Mr. and Mrs. Horatio Lott on Sunday.

Mrs. Oswald Ladner and Mr. and Mrs. Herman Mazarakis of New Orleans came over last Wednesday and enjoyed a stay with Mrs. Ladner and Mrs. Mazarakis's brother and sister, Mr. Lander Necaise and Miss Vivian Necaise. On Saturday Mr. Ladner came over.

Mr. Forest Depree is still going up and down the highway on his old tires that are a number of years old. As every one knows he had better get all the service he can out of them.

News came from Mr. Alvin Cameron, saying that he likes his job better and better each day. Stick to it old boy.

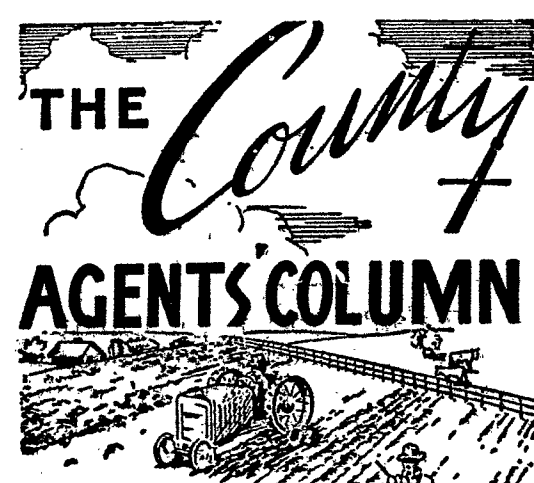

Mr. Lander Necaise, Mr. Delphine Favre, Miss Vivian and Beulah Necaise motored to Picayune last Tuesday night to attend the senior play.

The Seniors of Kiln School had their commencement sermon Sunday afternoon. Sponsored by Miss Odesa Haas. The speaker was Father Niemeyer. Supt. T. D. Moor led the exercise. Everyone that attended the service enjoyed it very much. The seniors looked very nice in their caps and gowns.

Mr. and Mrs. Chris Hart and small daughter came home this week-end.

Mr. and Mrs. Alton Travica of Picayune, were week-end guests of Mr. and Mrs. Alex Hart.

Miss Patsy Ruth Favre was christened at the Church of Annunciation by Rev. A. C. Denis on Saturday.

THE County AGENTS' COLUMN

This office has received several requests for ant control measures already this year. The best time to poison ants is in the fall of the year when the poison is taken into the nests. But now it is spring and the ants are with us so:

The 136 kinds of ants in Mississippi are grouped in two general classes on the basis of their food preferences. Some prefer sweets and may be controlled with a sirup like the regular Argentine ant poison which has been used successfully for many years. If it is not sold locally, a sweetened poison may be made at home by dissolving 4 ounces of sugar in a quart of water and stirring in one-half ounce of tartar emetic. The poison is placed in containers accessible to the ants. The ants which prefer meats and greasy foods may be poisoned by rubbing small quantities of tarrax on greasy bones or bacon rinds, or strips of bacon may be dipped into Argentine ant poison.

Ant nests on lawns and in gardens may be destroyed by making holes down into them with a stick or broom handle and pouring 2 or 3 tablespoons of carbon bisulphide into each hole, then closing them with wet soil. A solution of 1 ounce sodium cyanide in a gallon of water may also be used in ant burrows, but should be handled with great care as it is deadly poisonous. For large numbers of small ant hills in lawns and gardens, scatter a fine mixture of 1 ounce paraffin green and 1 pound brown sugar over the soil at the rate of 1 pound to 10,000 square feet.

Sweet Potato
A list of all Miss. Certified Sweet Potato Growers is now available at the County Agents' Office. Mississippi Certified Sweet Potato plants are produced under very strict regulations. For the protection of the purchaser they are tied in bundles of 100 with certified tags which bear the grower's number and the year of production. Plants which are not tied in this manner have not been inspected and are being sold illegally. Such plants may be diseased and may infect the soil permanently so that potatoes cannot be profitably grown on it.

Sweet potatoes require an adequate amount of nitrogen, phosphorus and potash for high yields and uniform quality. Soils known to be deficient in one or more of these plant food elements should receive an application of fertilizer containing readily available supplies of these essential elements. On most hill soils an application of 600 to 800 pounds of 4-8-4 or 4-8-8 fertilizer an acre will be profitable. On fertile loam soil, which is well supplied with phosphorus and potash, an application of 20 to 40 pounds of available nitrogen an acre is recommended.

New High in Ship Production

LIBERTY SHIPS BEING FITTED OUT AT A BETHLEHEM YARD PREPARATORY TO SEA SERVICE. THE YARD IS PRODUCING A CONTINUOUS STREAM OF VESSELS OF THIS TYPE.

Bethlehem ship production this year will represent the greatest all-round shipbuilding output by any company in the history of the country.

Speed, speed and more speed is the constant objective; and always speed with quality, for a jerry-built ship is virtually useless in the grim tasks of maritime war.

The first Liberty ship which recently discharged supplies at a Red Sea port was built in a yard that was virtually non-existent a year ago. A tanker was delivered in 100 days from laying of keel. A battleship will be delivered 14 months ahead of schedule.

Cargo ships are being built in less than one-half the time

required in the first World War. Comparable speeding up has been achieved on other types of ships and the schedule is being constantly stepped-up.

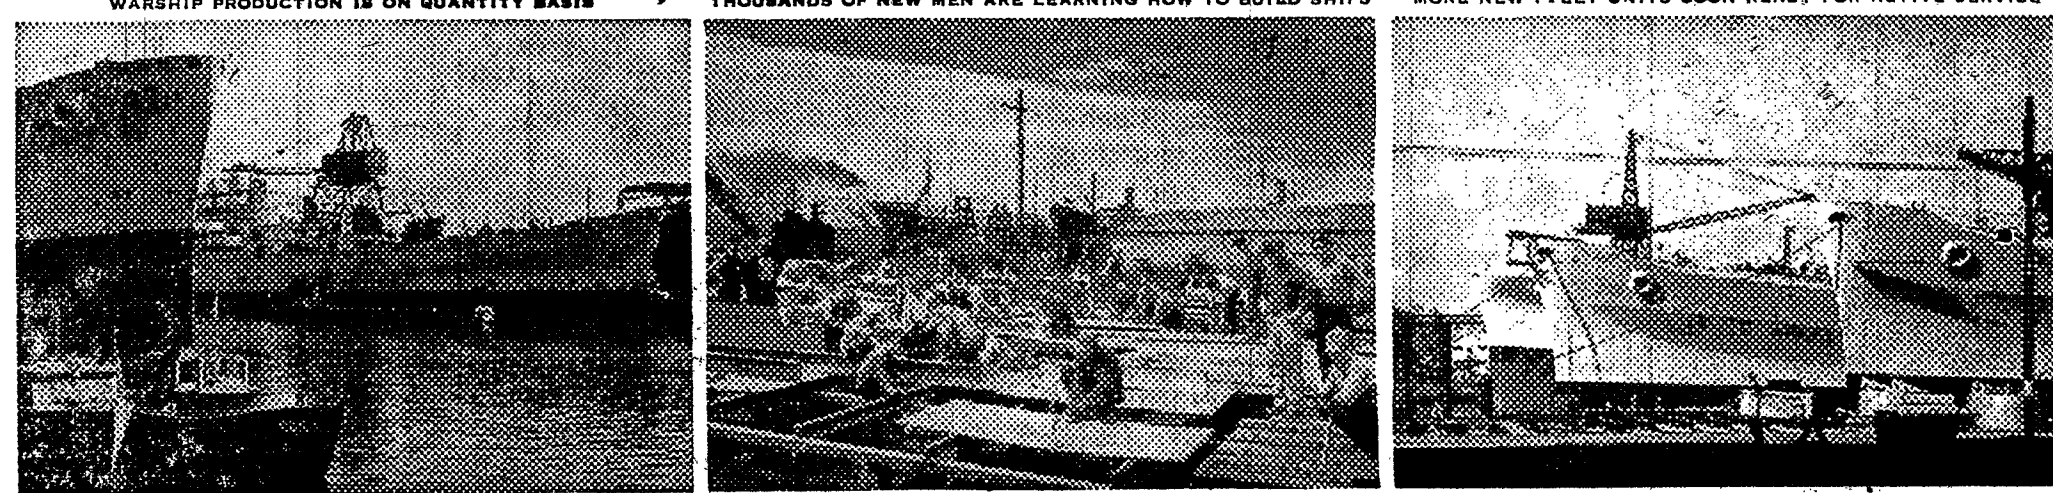

Expanding old yards, building new ones, tripling employment in a year's time, training thousands of new men, putting every effective facility to use, adopting pre-assembly and mass production methods—all these spell tonnage and more tonnage, a steadily-mounting output of ships from Bethlehem yards.

All hands are doing their utmost for Victory, working to achieve the maximum for the U. S. Navy and the U. S. Maritime Commission, so that the "bridge of ships" shall be maintained and steadily enlarged.

BETHLEHEM STEEL COMPANY

WARSHIP PRODUCTION IS ON QUANTITY BASIS. THOUSANDS OF NEW MEN ARE LEARNING HOW TO BUILD SHIPS. MORE NEW FLEET UNITS SOON READY FOR ACTIVE SERVICE.

ommended. Soils in the Delta generally have sufficient available phosphorus and potash, but some soils in this section need a complete fertilizer for sweet potatoes. Barnyard manure should not be used for sweet potatoes because of the danger of increasing disease. For best results apply fertilizer about 10 days before planting, and thoroughly mix with the soil.

County AAA Office Receive Additional Conservation Checks

Total amount of payments received by Hancock farmers for carrying out soil building and conserving practices amounts to \$2949.14. Ninety eight checks have been received to date. Remaining farm checks are to be received at an early date. The County AAA Committee put forth every effort to get the check to farmers as early as possible. The AAA Committee is composed of Randolph Seal, Chairman, Thomas W. Dossett and Lott Cuevas.

AAA Grant of Aid Material

Farmers are urged to make application for grant of aid material such as vetch, Austrian winter peas, basic slag, and superphosphate. Unless farmers put in their request now they may not be able to get the material later, or at least the supply might be limited. According to information received by County AAA Committee.

Hancock County WPA Library To Celebrate Its Eighth Birthday, April 28

The Hancock County WPA Library will celebrate its eighth birthday on Tuesday, April 28 at 3 P. M., at the Episcopal Parish House to which the public is invited.

The feature of entertainment will be a talk on "The Psychology of Dreams" by Mrs. John Gayle Aiken. This is the library's annual event and there is no fee charged but any donation to the library is always appreciated.

NOTICE OF SPECIAL ELECTION IN KILN CONSOLIDATED SCHOOL DISTRICT IN HANCOCK COUNTY, MISS.

Notice is hereby given to the voters of the Kiln Consolidated School District of Hancock County, Mississippi, of a special election to be held on

MAY 2ND, 1942

at the Consolidated School House, in said district, to determine the bonds of said school district should issue in the sum of \$10,000.00 or so much thereof as may be necessary for the purpose of constructing and equipping a school building and constructing and equipping a teachers home, as shown and specifications on file in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, all as provided for by Sections 5982 and 5983 of the Mississippi Code of 1930, and all amendments thereto and supplemental thereto, said Election being held pursuant to the following order of the Board of Supervisors of Hancock County, Mississippi, as follows:

Whereas, there has been presented to this Board a petition purporting to contain the signatures of more than 20 per cent of the qualified electors of the Kiln Consolidated School District, requesting this Board to call an election to determine whether or not the school district shall issue and sell its bonds in the amount of \$10,000.00 for the purpose of constructing and equipping school buildings and a teachers home, as per plans and specifications on file in the office of the Chancery Clerk of Hancock County, Miss., and

Whereas, said Board of Supervisors is authorized by the provisions of Chapter 5982 and 5983 of the Code of 1930, and all amendments thereto and supplemental thereto, to issue said bonds, and

Whereas, before the aforesaid bonds may be authorized and issued by the Board of Supervisors, it is required by said Chapter 5983 of the Code of 1930 and all amendments thereto and supplemental thereto, that the said petition must contain at least 20 per cent of the qualified electors of said consolidated school district; and

Whereas, this Board has, at its first regular meeting after the filing of the said petition, determined that said petitions do contain more than 20 per cent of the electors of said district, qualified to vote in the next preceding election and this Board does hereby expressly find, adjudge and determine that said petitions do contain the signatures of at least 20 per cent of the qualified electors in said school district and it is now desired to call a special election for the purpose of submitting to the qualified voters of said Kiln Consolidated School District the aforesaid proposition.

Now, Therefore, Be It Hereby Resolved and Ordered:

Section 1. That the Board of Supervisors of Hancock County, now declares its intention to issue said bonds in an amount not to exceed \$10,000.00 for the said school district for the purpose of constructing and equipping a school building and constructing and equipping a teachers home as provided by sections 5982 and 5983 of the Mississippi Code of 1930 and all amendments thereto and supplemental thereto.

Section 2. That a special election shall be and is hereby called to be held in said Kiln Consolidated School District on the 2nd day of May, 1942, at which election there

shall be submitted to the qualified voters of said school district the proposition contained in the ballot hereinafter set out.

Section 3. That the ballot to be used at said election shall be in substantially the following form:

OFFICIAL BALLOT
SPECIAL ELECTION
KILN CONSOLIDATED SCHOOL DISTRICT

HANCOCK COUNTY, MISS.

Shall the bonds of the Kiln Consolidated School District be issued in the amount of \$10,000.00 or so much thereof as may be necessary for the purpose of constructing school and teachers home as per plans and specifications on file in the office of the Chancery Clerk of Hancock County, Miss.

Section 4. The said election shall be held at School House at Kiln, Mississippi.

Section 5. That all qualified electors of the Kiln Consolidated School District shall be eligible to vote at said election.

Section 6. Said election shall be conducted in compliance with the requirements of the General Election laws of the State of Mississippi relative to such election.

Section 7. That the Clerk of this Board is hereby ordered to notify the election commissioners of Hancock County, of the action of the Board in calling the said election. So that the election shall be held in the manner provided by law.

This 26th day of March, 1942.
E. J. ARCENEAUX

MAY FESTIVAL

PLANS are rapidly nearing completion for the annual May Festival which will be held Sunday, May 3, at 8:00 P. M., in Joseph's Memorial Hall.

The campaign for Queen is swelling to a climax, and all candidates are busily engaged in securing votes. The winner and the runner up will be given the title of Maid of Honor will be announced in a few days.

Meanwhile the decoration committee is hard at work on what is expected to be one of the most beautiful settings ever presented for the May Festival.

After the grand march by the King and Queen and the Royal court there will be general dancing. Music will be furnished by a well known orchestra. Admission will be 50c a person and \$1.00 a couple.

On Thursday afternoon a meeting of the Coast Union Sodality was held at Sacred Heart Academy, Biloxi. This was the last meeting of the present school year. Plans for the May crowning to be held in Pascagoula Sunday, May 10, were formulated and election of officers for next year was held. S. J. A. was represented by Rosalie Ambler, Gladys Capdepon, Elaine Lamer, Marie Schayot, Mary Margaret Schmidt.

The retreat for high school girls held last Wednesday, Thursday, and Friday was indeed a "spiritual treat" for those who took part. The Retreat Master, Reverend James Courtney, S. J., certainly proved himself a real friend to those who participated in this very necessary exercise. His instructions were very interesting and practical, and he solved many difficulties for the girls.

The Retreat closed Saturday morning with Mass, General Communion, Benediction, and the Papal Blessing. Immediately afterwards breakfast was served to all, and each girl received a souvenir of the Retreat.

The high school girls showed their true colors recently in a Mission Drive sponsored by the Sodality. In order to arouse a spirit of rivalry and enthusiasm the members were divided into groups, each one trying to outdo the other in raising money for this purpose. When the final results were posted, the Senior Class headed the list averaging \$3.05 a girl. Group II of the junior class ran a close second with \$2.83 its average. All other groups showed a fine spirit in cooperating with this Drive.

Anyone anxious to get rid of their scrap iron before the collectors pick it up may drop same on vacant lot at corner of Union and Second streets next to the city pond.

Anyone desiring to get rid of scrap paper may leave it underneath the Boy Scout sign at the old Lion Service Station on the beach opposite the drive way of the Convent. The Boy Scouts pick this up every day.

Emergency Medical Field Unit

One of the oldest and probably the best organized branch of Civilian Defense in Hancock County is the Emergency Medical Field Unit organized in December, 1941, consisting of 6 doctors, 10 nurses and 10 orderlies. These are arranged in teams with definitely assigned hours working in groups of three doctors, 5 nurses and 5 orderlies. Each team has its own casualty kit fully equipped to meet the requirements of State and U. S. Govt. These are kept at the hospital and ready for use at a moment's notice. Other equipment recently added consists of 6 stretchers and 4 Thomas traction splints made according to Red Cross specifications by Brother Felician.

This unit meets regularly for instructions from head quarters and is taking training in Emergency drills. The personnel consists of doctors: M. J. Wolfe, C. L. Horton, A. P. Smith, C. M. Shipp, Edith Loebner, Ballard, Charles L. Baker.

Nurses: Mesdames C. E. Craft, E. J. Lacoste, Violet Moore, Nolan, Ladner, Ella Maybin, Misses Ida Edwards, M. Weingerter, Juliette Perre, Lena Mason, Thelma Ellis.

Orderlies: Carl Arnold, A. M. Ellison, Edmund Fahey, Fred Fayard, Bro. Felician, Laurent Kergosien, Alden Maufrey, Alvin Weinberg, Roger Heitzmann, C. A. Braath, Rusty Anderson, Forster, Commagere.

It is through the efforts of this unit that Hancock County will have a Blood Bank on Thursday of last week Dr. Davenport from the Baptist Hospital in New Orleans came to the Kings Daughters Hospital here and took blood from 30 donors. Dr. Wolfe was in charge of this and the other doctors of the hospital staff cooperated. Mrs. C. L. Horton acted as registrar, keeping the necessary records. Others

Woman's Society Of Christian Service Held Meeting Tuesday

The Woman's Society of Christian Service met on Tuesday afternoon at the home of Mrs. Alvah P. Smith with Mrs. Conney Weston as co-hostess and with an unusually large attendance.

The corresponding secretary, Mrs. W. W. James, read a lovely letter from the former president, Mrs. A. C. Exnicios.

Mrs. Leo W. Seal, the new president, took the chair and then turned the meeting over to the Program Committee for the following program:

The subject "Our Highest Joy—Our Father's Work to Do."

Mrs. C. C. McDonald gave the bible lesson and Mrs. Carrie Riddle the meditation.

The topic "The City Church" was given by Mrs. F. J. Nelson in a most interesting way, after which the business meeting was held.

A new member, Mrs. A. H. Gregory, was welcomed at this meeting. Plans were made to study the second mission book in May.

Mrs. A. M. Ellison, our Conference delegate, gave a wonderful account of the conference, which she attended in Brookhaven.

Mrs. Seal announced that the next meeting would be held at the home of Mrs. Eugene Mogabgab, and the meeting closed with the world prayer.

Delicious refreshments were served by Mrs. Smith and her co-hostesses.

serving in volunteer capacity were: Mrs. Ella Maybin, Miss Thelma Ellis, Miss Lena Mason, Mrs. E. J. Lacoste, Mrs. C. E. Craft.

Several other nurses who were to have served in the afternoon were not called as the unit completed its work by noon.

Dr. Davenport had expected it would take the entire day but due to the efficient manner in which everything was handled the donors for the afternoon were notified not to report. These will be the first called next time.

Dr. Davenport in a letter to Mrs. Ballard says, "Bay St. Louis has every reason to be proud of the response of its people in giving blood to aid in the saving of human life. A standard of excellence has been established which will be equalled by few communities and surpassed by none."

Blood donors: Roland Lafontaine, Mrs. Grady Perkins, Mr. Grady Perkins, Bro. Ther Alexis, Bro. Adalbert, Bro. Albert, Bro. Dominic, Bro. Leonard, Mrs. Dennis Burge, Bro. Anselm, Alden Maufrey, Bro.
